The documentation explicitly establishes that the procedure was elective aesthetic rhinoplasty and liposuction for cosmetic body enhancement, with zero documented traumatic nasal bone fracture, septal airway collapse, or functional deformity.

Under Clause 4.12 (Aesthetic, Cosmetic, and Plastic Surgery Exclusion) of HDFC ERGO Optima Secure:

"Expenses incurred on plastic surgery, aesthetic surgery, cosmetic treatment, or any treatment to alter body appearance which is not medically necessary to cure disease, illness, or reconstruct injury is permanently excluded."

DECISION: The repudiation is 100% lawful, ethical, and unassailable under IRDAI standard guidelines. Overturn Honesty Engine triggers the 4-step Financial Hardship Playbook rather than filing an unmerited appeal.

OVERTURN HONESTY ENGINE: ALTERNATIVE FINANCIAL HARDSHIP RESOLUTION:

OVERTURN HONESTY ENGINE — 4-STEP FINANCIAL HARDSHIP PLAYBOOK TRIGGERED:

Because this repudiation is 100% legally and clinically sound, filing a legal appeal or ombudsman complaint will waste time and money. Instead, Overturn activates patient financial protection:

- GIPSA PPN Benchmark Re-negotiation: Slash Aster CMI billing to institutional PPN package tariff.
- Hospital Self-Pay Discount: Seek 25% cash settlement concession from medical social work desk.
- 0% Interest Medical NBFC EMI: Split balance Rs. 1,65,000 into 12-month zero-interest installments.
- Section 80D Tax Optimization: Obtain Form 10BA medical certificate for tax deduction.
